

Jillela Abhinavtej Reddy

Full Stack Web Developer

9346095136 | abhinavtej0212@gmail.com | Hyderabad, India | [Website](#) | [LinkedIn](#)

EDUCATION

Malla Reddy University, Hyderabad, India - B.Tech, Artificial Intelligence and Machine Learning - Jun 2022 - Present
GPA: 8.99

Relevant Coursework: Artificial Intelligence, Machine Learning, Deep Learning, Data Structures, Python Programming, Full Stack Web Development.

SKILLS

Programming	: Python, Java, PHP
Web Development	: React, Node.js, Flask, Express.js, HTML, CSS, JavaScript, Bootstrap
AI Techniques	: Machine Learning Algorithms, Natural Language Processing
Database Management	: MongoDB, MySQL
API Development	: RESTful API, JSON
Design	: Figma, Canva

PROJECTS

Finance Tracking Desktop App, [Link](#)

- Designed and built a desktop app using **PySide6** to manage budgets and track income/expenses for **25+ users**.
- Implemented key features to generate **monthly budget summaries** and track spending trends, improving financial planning accuracy by **30%**.
- Integrated real-time data synchronization, ensuring updates across sections with a **99% accuracy rate**, leading to a smoother user experience.

My Pocket AI – Budget Planner for Students, [Link](#)

- Created a full-stack web application using **React, Node.js, and MongoDB** to manage student budgets and providing personalized spending insights.
- Integrated the Gemini API** and developed **interactive graphs and visualizations** to provide personalized expenditure insights, enhancing user engagement by **40%** and improving financial decision-making by **20%**.
- Incorporated secure user authentication, ensuring **zero data breaches** and protecting financial records.

NavAssist – Indoor Navigation App, [Link](#)

- Developed a **web-based indoor navigation app** using **HTML, CSS, and JavaScript**, incorporating the *A Search Algorithm** for efficient route finding.
- Incorporated the *A Search Algorithm** to achieve an **85% reduction in navigation time** for users.
- Designed an intuitive interface, leading to **90% positive user feedback** for clarity and ease of use in unfamiliar environments.

PolyTex - MultiLingual Text PreProcessor using NLP, [Link](#)

- Implemented a multilingual text preprocessor using **NLP techniques**, capable of handling **5+ languages** (English, Telugu, Hindi, Tamil, Urdu).
- Integrated a Flask-based backend** to handle **10,000+ API requests per day**, ensuring fast response times and reliable performance.
- Simplified multilingual data handling for text analytics and processing tools**, reducing processing time by **40%** and improving efficiency across multiple use cases.

ACHIEVEMENTS

Microsoft Student Ambassador, Microsoft **Apr 2024**

Student Ambassadors are a global group of campus leaders who are eager to help fellow students, create robust tech communities and develop **technical and career skills** for the future.

Student Coordinator, Malla Reddy University **Feb 2024**

Coordinated and managed key events, including a **24-hour nationwide hackathon** and the **Innovation & Entrepreneurship (I&E) Summit**, organized by the **Department of AI & ML** and **I&E Cell**. Oversaw logistics, participant registrations, technical support, and event execution, ensuring successful outcomes and high participant engagement.

Team Leader – Cloud Jams, GDSC Malla Reddy University **Oct 2024**

Led a team of **15 members** to win the **Cloud Jams competition**, developing a cloud-based solution that showcased strong leadership and collaboration.

CERTIFICATIONS

Develop GenAI Apps with Gemini and Streamlit, Google Cloud **May 2024**

Prompt Design in Vertex AI Skill Badge, Google Cloud **May 2024**
